Love can shape your future.

On the 2020 Census, you’ll have the option to identify a relationship as same-sex, providing statistics that can inform local planning for families and housing. Census responses also impact over $675 billion in federal funding for communities like yours.

Your responses are important, and all personal information will be kept confidential by law.

2020CENSUS.GOV
Census data impacts funding for things like:

- Community Development Block Grants
- HIV Emergency Relief Project Grants
- Housing assistance
- Adoption assistance
- Career and technical education grants
- Child and Adult Care Food Program
- Projects for Assistance in Transition from Homelessness
