

The 2020 Census is for our family.

Stretching across the United States, we are one family. Your voice matters, and your community matters.

Every 10 years, the United States counts everyone living in the country. Our community is depending on your participation, including our keiki and kupuna. Census data informs decisions about critical funding to help our families flourish. That includes funding for things like:

- Supplemental Nutrition Assistance Program (SNAP)
- Health clinics
- Special education
- Housing assistance
- Public transportation
- Water and waste disposal systems for communities

In early 2020, most households in the United States received a notice to complete the census. Respond now online, by phone, or by mail. The form asks a handful of basic questions. Census takers from your community will visit households that do not respond and they can assist you in completing your form. Your personal information is confidential, is protected by law, and can never be used to identify you.
