<sup>1</sup> These messages are geared toward households. We have special procedures to count people who don't live in households. For example, see information about group quarters at <https://go.usa.gov/xdmGb> and people experiencing homelessness at <https://go.usa.gov/xdmGj>.

<sup>2</sup> See the 2020 Census Support for Languages fact sheet for more information at <https://go.usa.gov/xdmGD>.

<sup>3</sup> For Update Leave areas, use the following variation instead: "Invitations to respond are on the way. A census taker will deliver an invitation to your door. Respond when you receive yours. The invitation will include a paper questionnaire, as well as instructions for responding online or by phone." Use this variation through April 17. To identify which areas are in Update Leave, see [www.census.gov/data/data-tools/2020-tea-viewer.html](https://www.census.gov/data/data-tools/2020-tea-viewer.html).

<sup>4</sup> If a household hasn't received an invitation, they can still respond online or by phone. Reminder: use the variation in the footnote above when speaking to audiences in Update Leave areas. Assure audiences in Update Enumerate areas that census takers are on their way (March 16 through April 30) to help them respond. To identify Update Leave and Update Enumerate areas, see [www.census.gov/data/data-tools/2020-tea-viewer.html](https://www.census.gov/data/data-tools/2020-tea-viewer.html).

<sup>5</sup> Early Nonresponse Followup (NRFU) begins in areas around selected colleges and universities on April 9.

<sup>6</sup> A small number of households may be contacted for further follow-up through June 2021 as part of our Post-Enumeration Survey: see <https://go.usa.gov/xdmGB>.
